Date of Deposit . . . January 17, 2002

Sir:

PETITION TO MAKE SPECIAL

Applicant hereby requests that this application be made special. The application clearly defines a system and method for use in augmenting a countermeasure to terrorists attempting to infect people with deadly microorganisms through the mail. To defeat these terrorists' activities, the U.S. Postal Service must employ a cost-effective method of destroying the microorganisms while simultaneously improving the confidence by the general public in the safety of the mail system. The application provides a system and method of indicating to the public that the mail has undergone a sterilization process rendering the mail safe. Thus, the application falls under the category of an
